

# Metabarcoding Pipeline Building

An introduction with hands on exercises  
CUSO – DPEE Activity

Gerhard Thallinger, PhD, Graz University of Technology

Rachel Korn, PhD, Université de Fribourg

Magdalena Steiner, PhD, Agroscope Wädenswil

# Bash (Bourne again shell)

- Default shell for many Linux distributions and until 2019 on macOS
- On Windows 10 via Windows Subsystem for Linux

# Bash in Docker

- Run Bash in Docker environment:  
`docker exec -ti <container ID> bash`
- [Tutorial on GitHub](#)
